Van Decals, Shoulder Patches & Logos:

Recently the NYRCI Logo has been undergoing a face lift. We wanted to keep the original style of the logo but add a newer style to it. We have a few good ideas brewing and a new logo will emerge shortly. Therefore any member will have the privilege of using the Institutes newly designed logo on their vans, websites, work clothes & in any promotional materials as long as they are a current member of NYRCI. These items will be offered at a discounted rate to members only. The NYRCI logo serves as a sign of industry participation which will help your clients to realize they are dealing with a truly professional company.

Industry logos will help you to quickly build prestige & trust with your old and new clients.

See what our members have to say about NYRCI:

At New York Rug I have met the type of people who really care about the direction of our industry. They also help with the growth of my small business. I have sent work to other members in the past and my clients seem to really like the referral from a trusted source. Most of the NYRCI members have been around for many years and serve as a great source for industry related information. As a member of NYRCI I feel as if I have a team of cleaners behind me and we can take on any challenge that comes our way. I attended a meeting last year and it was on Spot Removal Techniques instructed by Barry Golomb. The very next week after that I had a situation I had never seen before even though I had been cleaning for 12 years as an IICRC Master Certified Textile Cleaner. Needless to say one of the processes Barry taught us worked flawlessly and I made over \$350.00 on just that one spot removal job. Without that little bit of information I received at that meeting I could not have helped that woman. As you can plainly see the benefits outweigh the minimal investment you will make to become a member of such a prestigious group.

- Bill Long / President of Total Supply, Medford, NY

Fabra Clean has been a member since 1960. I continue to learn at every meeting and the friendships I've gained are priceless.
